Course Outline

This course has been designed to build confidence through the promotion of de-escalation strategies and the reduction of risk and restraint, to support teaching, learning and caring, by increasing staff confidence and competence, in responding to behaviours that challenge, whilst promoting and protecting positive relationships.

Outcomes

Module 1: Introduction to positive Behaviour Support

- To understand the underlying principles and practice of positive behaviour support
- To understand the importance of your roles and responsibilities in relation to positive behaviour support

Module 2: Developing a toolkit for Managing Behaviours of concern

- To understand primary and secondary prevention strategies
- To understand the importance of developing social skills relating to behaviour

Module 3: Using Positive Physical Intervention to Establish a Safe and Supportive Environment

- To understand and implement the ethical, legal and statutory practices required to use physical interventions safely within a framework of positive behaviour support

Module 4: Using Restrictive Physical Interventions in the Context of Positive Behaviour Support-

Part 1

- To develop a range of physical intervention strategies for safe implementation within any setting

Part 2

- To develop an extended range of higher level physical intervention strategies for safe implementation
